

Course Schedule

September 2009–
December 2009

Symantec Education Services provides a full range of services, including technical training, IT Best Practices Education, and Custom Learning Services, that enable your organization to manage IT risk and ultimately operate with confidence in a connected world.

WHY TRAIN WITH SYMANTEC

Proper use of technology is tied to the user's skill with the product. How important are the proper skills? Research conducted by MIT has shown that 41% of IT failures were the result of insufficient skills.¹ And IDC research has shown that well-trained teams spend 25% more time improving their operations and 11% less time fixing IT problems.² Give your productivity a boost today and sign up!

This schedule represents our available classes at education centers throughout North America and online. With training from Symantec Education you benefit from:

- Unrivaled product training expertise featuring up-to-date product and technical content taught using proven, effective live and self-paced methods
- Hands-on technical labs that reinforce the skills learned in class
- Courses written with direct input from Symantec's product developers, support engineers, and consultants, as well as feedback from the 30,000 students who enroll per year
- Uniquely qualified and certified instructors who keep up to date on Symantec solutions and usage best practices

WHERE YOU CAN LEARN

Classes are offered at Symantec training centers, partner training centers, or via Virtual Academy, our online learning environment that combines live interactive webcasts, hands-on labs, on-demand modules, and expert mentoring to recreate the classroom experience. We also offer numerous self-paced and subscription-based training opportunities.

RESERVE YOUR SEAT

To reserve your seat or learn more about these courses, visit www.symantec.com/education or contact us at:

Phone: **800-327-2232** (option 4)
Email: americas_education@symantec.com

PRE-PURCHASE OPTIONS

Not ready to reserve your seat? Be sure to ask about our 2- to 5-day Education Packs or 30- and 50-day Corporate Passes that allow you to purchase training in advance and sign up when you are ready.
