

The Value of Symantec Training

To get the most out of your IT initiatives, lead with your staff

Effective staff training can dramatically reduce the operational risks associated with complex IT environments. Apart from improving your implementations, research shows that skilled IT staff can increase first-time resolution rates by 40%.

Symantec Education will help you:

- Define your needs – we can help you identify the right training for the right people using our on-line Symantec Education Skills Assessment.
- Design the right training plan – now you know who needs training, we can design a curriculum path to bring you and your team to the appropriate skill level.
- How do you want to be trained? We'll help you determine the right blend of live Instructor Led training and self-paced training.
- Customized learning programs – we can provide customized classes for your unique environment and IT issues.

Symantec Security Awareness Program - **NEW!**

The Symantec Security Awareness Program is a comprehensive set of training and communication tools that help organizations meet regulatory requirements for employee security awareness training.

It includes SCORM-compliant technology-based training modules; screen savers; ready-to-print security awareness pamphlets, reference cards, and posters; and other information resources.

Pre-Purchase Options

Education Pack

Need flexibility? Symantec EdPacks allow you to pre-purchase 2, 3, 4 or 5 Day vouchers to redeem on any Symantec Education class.

Corporate Pass

30 or 50 Day Passes, valid for one year, are ideal for larger IT teams with complex training needs. Use them for any person, any class, either at our site or yours.

How We Deliver

Classroom Training – is the most effective way to gain the critical concepts and skills your technical team needs to prepare for installation, configuration and troubleshooting.

Private Training – if your project has a tight timeline and you need to bring your team up to speed fast, consider private sessions either at Symantec's Education Centers or at your site and on your schedule, either using your equipment or ours.

Virtual Academy – is our on-line training option, mixing live Instructor Led training, self paced modules and hands-on labs in an authentic product environment. Get all this without the need to travel or have time out of the office.

Self-Paced Training – for those who want the convenience of learning on-line or on their own schedule, Symantec Education has a wide range of CD and Web-based training.

Subscription-Based Training – this offering allows students to access a library of continually updated technical training over the course of a full year.

Registering for a Symantec Class is simple:

Step 1	Visit http://go.symantec.com/edu_training_sg and search for your desired course from "View Course Catalog & Register" link.
