and receive a FREE
Backup Exec Agent for
Windows® Systems license**

Promotion Rules and Guidelines

NEW Backup Exec™ 12.5 Upgrade Promotion

The Symantec Backup Exec™ 12.5 upgrade promotion runs for a limited time—now through December 31, 2009. This promotion allows you to **SAVE 45% off MSRP** and receive a **FREE** Backup Exec Agent for Windows Systems (AWS) license (AWS maintenance cost is not included for free if added to the order) when upgrading to Backup Exec 12.5. To take advantage of this limited-time promotion, the following eligibility rule applies:

- Show proof of purchase¹ of your existing backup solution when upgrading to Backup Exec 12.5, and receive **45% off the MSRP** of the core license and a **FREE** Backup Exec Agent for Windows Systems license. In addition, receive **45% off the MSRP** of individual Backup Exec 12.5 Agents and Options purchases.

Products included:

- Symantec Backup Exec 12.5 for Windows Servers (45% off MSRP of the core license and receive a FREE license of the Backup Exec Agent for Windows)
- Symantec Backup Exec 12.5 for Windows Small Business Server (45% off MSRP of the license and receive a FREE license of the Backup Exec Agent for Windows)
- Symantec Backup Exec 12.5 Agents and Options (45% off MSRP)

Upgrade scenarios and applicable discounts:

1. If I upgrade my Backup Exec Windows Server core license to Backup Exec 12.5, what discounts am I entitled to under this promotion?
 - a) If maintenance is included with the order, you receive the following discounts:
 - 45% off MSRP of the core licensing for the upgrade to Backup Exec 12.5 plus the cost of either Basic or Essential Maintenance for the standard core license
 - A free agent **license** for the Backup Exec Agent for Windows Systems plus the cost of either Basic or Essential Maintenance for AWS
 - 45% off MSRP for the upgrade to Backup Exec 12.5 Agent and Options plus the cost of either Basic or Essential Maintenance for the agent and options
 - b) If maintenance is not included in the order, you receive the following discounts:
 - 45% off MSRP of the core licensing for the upgrade to Backup Exec 12.5
 - A free agent license for the Backup Exec Agent for Windows Systems
 - 45% off MSRP for the upgrade to Backup Exec 12.5 Agent and Options
2. Maintenance renewals:
 - a) If you choose to renew your maintenance at expiration, you can renew the maintenance independent of other products.

Qualifying upgrade SKUs and licensing:

Included in this promotion are all the Express, Rewards, Academic, and Government upgrade SKUs for Backup Exec 12.5 for Windows Servers and Backup Exec 12.5 for Windows Small Business Server, including agents and options. For pricing, please contact a certified Symantec partner.

For more information

For more information on the Backup Exec 12.5 45% off MSRP plus a FREE Backup Exec Agent for Windows Systems license promotion, please visit: www.backupexec.com/save. Offers not valid in all countries, please check with your local Symantec Partner for current regional Backup Exec promotions.

See pages 2–4 for SKU listings.

¹ To process an upgrade SKU, Symantec requires proof of a valid maintenance contract, a license key or a license certificate of Backup Exec, or proof of a license key or a license certificate of another backup solution for the new Backup Exec customers as Proof of Purchase (POP).

² Overall with this special promotional bundle, all orders must align with maintenance on both the core Backup Exec license and Agent for Windows Systems. If one product has maintenance, both will need to have maintenance in order to take advantage of this limited-time promotional offering. Conversely, if one of the products in the bundle does not have maintenance, then both products will be sold without maintenance. Upgrade requests for the Backup Exec license with maintenance only for the core license and not for the Agent for Windows Systems would not qualify for this promotion.

Confidence in a connected world.
